10 CENTS

Last week seniors, this week freshmen! Linda Dudenhoeffer and Judy Davis, 1970 graduates of Canyon High School are enrolling at West Texas State University with the help of Mrs. Eutha Hamblen of the Registrar's Office. Both girls signed up for

English and bowling. Linda, daughter of the Paul Dudenhoeffers is a physical education major. Judy, daughter of Mr. and Mrs. Delbert Davis, is a pre-nursing major.

WT Registration 'Smooth' Says Registrar Donald Cates

"The smoothest registration West Texas has ever had was this one in the all purpose room of the Activities Center," said registrar Donald Cates.

"I timed several students through in less than 20 minutes. And I took a graduate student who knew his way around and had him work against the clock. He was ready to leave the building in six minutes."

According to Dr. Cates, the only disadvantage to using this area is its location on the edge of the campus rather than in the center.

Registration activities for the second session of summer school which begins July 13 and fall registration on August 27 will

also be held in the all-purpose area of the Activities Center.

Total registration for the two day period stands at 2,744. Final figures will not be available until completion of late registration on Saturday. Final count for the first summer session of

1969 stood at 2,808.

According to Dr. Cates, late registration must be completed with fees paid by noon Saturday. "To have any chance of finishing up by that time they will have to begin by 9 a.m. that morning," Cates said.

Former Mayor Is Taken By Death

Smith, Barnes, Price To Tour Dairy Facility

The two top-ranking state officials and the US Congressman from this district will visit Canyon the morning of June 26.

Governor Preston Smith, Lt. Governor Ben Barnes and Congressman Bob Price will be in a group which will tour the West Texas State University dairy-barn facilities following a breakfast in Amarillo.

The tour and breakfast is sponsored by Milk Producers Association. A representative of the association will explain dairy economics.

A former mayor of Canyon is dead.

Delbert E. Lowes, 63 years old, mayor of Canyon from 1961-64, died at 5:58 o'clock Wednesday morning in High Plains Baptist Hospital in Amarillo.

He had been in failing health for some time.

Mr. Lowes was born in Nebraska Aug. 1, 1906 and was brought to the Panhandle the same year. In 1923 he and his family moved to Canyon.

As a lad he attended Canyon High School and was known as one of the greatest basketball players ever to wear the livery of the Canyon Eagles.

He graduated from Canyon High School in 1925 with high scholastic honors.

During his four years at West Texas State he was an outstanding basketball player. He was graduated in 1929 again with high praise as a scholar and athlete.

In 1939 he was married to Miss Ruby Reynolds of Tulsa.

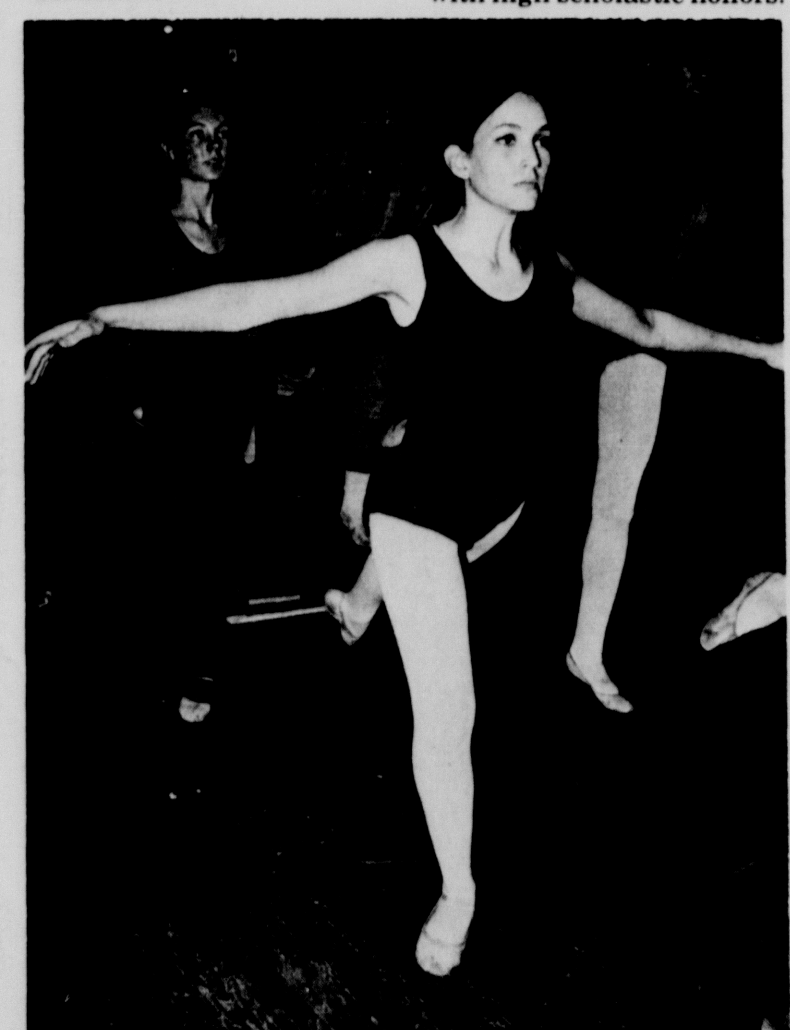

While still a student at WT he worked part time for Burrow Lumber Company and after graduation continued with the company. He became a partner in the lumber firm in the 1940s and continued in that capacity until the company ceased operation.

In 1964 he was named man of the year by Canyon Chamber of Commerce.

"He has served this community in many ways," (See LOWES, Page 10)

Rehearsals for 'TEXAS' began with limbering up exercises for the entire cast followed by intensive work by the dancers. Julie Brantley begins her third season as a member of the 'TEXAS' production. She is the daughter of Mr. and Mrs. Royal Brantley. Brantley is musical director and conductor for the Paul Green drama.

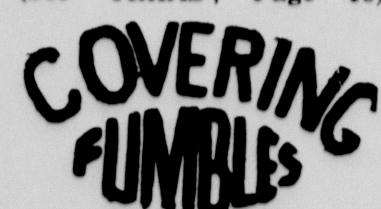

'TEXAS' Rehearsals Underway

The 1970 production of Paul Green's musical drama "TEXAS" went into rehearsal on Monday with the largest cast ever.

According to director William Moore, there will be a total of 75 people on stage in this fifth interpretation of the Panhandle drama.

Moore characterized the group by describing it as one of enthusiasm. Approximately half of the cast are veterans of the production.

Rehearsals will be held in (See "TEXAS", Page 10)

Jurist Rules For Landlords

Judge Halbert O. Woodward in federal district court in Amarillo Monday in effect ruled in favor of two Canyon landlords being sued in a civil rights case.

Plaintiff in the case is Karmyn Lott, a Negro speech major at West Texas State University, and the defendants are C.C. Graham of 507 Holman Lane and Clay Dawson of 2101 First Avenue.

Miss Lott contends that both Graham and Dawson refused to lease her an apartment prior to the beginning of the fall semester last year because she "was not a white citizen."

Miss Lott is seeking \$36,000 in damages.

The hearing Monday was on a government motion to set aside a previous court

Pen 'Em Up, Chief Warns

Dog owners were warned this week by Police Chief Calvin Costley to keep their pets either on leash or penned in yards.

"We are having a lot of trouble with dogs running loose lately," the chief explained.

Dogs found running loose will be taken to the pound. Owners are subject to a \$5 fine, the chief said.

Moisture Needed For Planting

Dryland row crop farmers are facing a critical two weeks, according to County Agent John Brazzi.

The county agent said little or none of the county's dryland row crop has been planted yet and cannot be planted until there is some rain.

He pointed out that normally the county receives considerable moisture during the months of May and June, "And one of those months is already gone," he noted.

Brazzi said farmers are not in serious trouble yet because normal row crop planting date is about the middle of the month.

Stock farmers are also feeling the drought pinch. "We're feeding cattle now (See MOISTURE, Page 10)

Panhandle Democrats will go to the polls Saturday to decide the party's nominee for the 31st Senatorial District on the November ballot.

Candidates in the Second Primary are Jack Hazlewood and Max Sherman, both Amarillo attorneys.

Winner of this contest will face State Rep. Malouf Abraham of Canadian, the Republican candidate for the Senate seat now held by Sen. Grady Hazlewood of Canyon.

Randall County voters will cast ballots in combined precincts according to LeRoy Hutton, Randall County Clerk.

Voting at the Legion Hall in Canyon will be residents of Precincts 1,2,3,4,5,6, and 7.

In Amarillo Precincts 8,9,10,11,12,13 and 14 will vote at South Lawn School 4719 S. Bowie.

Precincts 15,16,17 and 18 will vote at Coronado School, 3210 Wimberly.

The combined precincts 19, 20 and 21 will vote at Ridgecrest School, 5306 W 37.

Polls will open at 7 a.m. and close at 7 p.m. Randall County voting machines will be used with punch card ballots to be tabulated at the Killgore Research Center on the WTSU campus.

Randall County Democratic Chairman Marion Bruce has predicted a light voter turnout with approximately ten per cent of the 20,000 registered voters participating.

According to Hutton, 2,500 ballots have been prepared with standby ballots at the Sheriff's offices in Canyon and Amarillo to be

made available if there is a larger turnout than now expected.

Absentee balloting closed at midnight June 2 with 159 ballots being cast.

Mrs. LaQuitta Patterson Polvadore was officially named Democratic candidate for district clerk in a meeting of the Randall County Democratic Executive Committee Tuesday evening.

Mrs. Polvadore received a plurality of votes cast on the first ballot and her name will appear on the ballot in the November election. She will run unopposed.

She was chosen from a field of five candidates which included Mrs. Genelle Bourland, Mrs. Virginia Byars and Jack Dorsey, all of Canyon and Mrs. Gayle Simmons and Mrs. Raymond Wineinger, of

Amarillo.

Mrs. Polvadore had been named to fill the position until the November election when clerk Mavis Hill resigned to become clerk of the Seventh Court of Civil Appeals in Amarillo.

She received the oath of office for the interim term Monday with Judge Don Dean of the 181st District Court presiding. Mrs. Polvadore will serve as clerk of the 181st District Court and of the 47th District Court presided over by Judge E.E. "Gene" Jordan.

FROM THE

CANYON RIM

J.C. Phillips, editor of The Borger News-Herald, accused State Senatorial candidate Max Sherman of advocating in an essay written several years ago a 12-point revision in the United Nations Charter which would amount to a world take-over by that organization.

I read the essay and frankly I do not draw the same conclusions as apparently drawn by Editor Phillips. Phillips is an ultra conservative editorial writer just like H.M. Baggerly of The Tulia Herald is an ultra liberal editorial writer.

Though I do not question the sincerity of these two men, both of whom I have known for many years, I think that they are so com-

mitted to their particular ideology as sometimes to impair their common sense and fair treatment of their subject matter.

Baggerly once attacked Neblett Hospital in print. To this day I don't think anyone at the hospital has learned precisely what angered the scribe to the south.

Phillips certainly charged a windmill when he attacked the Sherman essay. There is really not much there to attack.

Max admits he wrote the essay in a contest and was trying to win a prize.

I think he may have been naive when he penned: "It is my position in this essay that the best hope for world peace is through an inter-

national common law developed within the present structure of the United Nations."

He shatters the possibility of such international law ever evolving when he says a prerequisite would be an accommodation among the great powers (presently the United States and the Soviet Union and ultimately Red China).

This makes the rest of the essay mere rhetorical gymnastics.

If the great powers could agree peace would be automatic and there would be no real need for an international body.

If France, England, Russia and Germany could have reached an agreement there would have been no World Wars.

Phillips took exception to Sherman's mention of a possible "Concert of Free Nations" outside the United Nations with the free nations being defined as non-communist countries.

Aren't NATO and SEATO just such "concerts of free nations?" And were they not brought into being to stem the tide of communism?

Editor Phillips noted that Sherman had said this view had "impressive" support from liberals Nelson Rockefeller and Senator William Fulbright. But Phillips pointedly neglected to quote Sherman as saying the view also was supported by conservative former President Herbert Hoover.

In essence, Sherman's essay says that if the world were made up of governments and men practicing the golden rule there could be peace and law throughout the earth.

In my opinion, the United Nations is at best an international debating society and at worst a sanctuary for a vast spy network in the bosom of the free world.

Myself and several other adults accompanied a troop of Boy Scouts on an outing at McClellan near Pampa over the weekend. Lee Roy Moreland is Scoutmaster.

The kids had a ball, especially fishing.

It made me more determined than ever to try to get something done to restore Buffalo Lake as a playground.

I understand that the Tierra Blanca is still being

polluted and the state agencies responsible for preventing it are doing very little.

A South Texan has been quoted as saying that the Panhandle isn't going to start doing anything about feedlot pollution until stacks of manure gets so high that it interferes with television reception.

I think we need feedlots too but I also think the kids of the Panhandle have a right to have lakes filled with clean water where they can boat, swim and fish. It may take some doing but I believe we can have the feedlots and the clean water too.

4-H-ers Win Fourth Place

Members of the Joell 4-H Club recently won a fourth place in the district "Share the Fun" elimination on the campus of West Texas State University.

Participating were Rhonda Davis, Greg Hinders, Jeffrey Downing and James Irlbeck.

A fourth place also was won by Jay Findley and Gary Hinders in soil demonstration competition.

Members of the organization and their families will attend a performance of the Ringling Brothers-Barnum and Bailey Circus tonight.

7 Attend Conference

Seven Canyon High School students are among 12 area juniors and seniors attending a citizenship seminar in Amarillo this week. "Americanism Week Conference" began Tuesday and will continue through Friday at the Episcopal Conference Center north of Amarillo.

The conference is one of five conducted in the Southwest by the American Citizenship Center of Oklahoma Christian College in Oklahoma City.

The conference is designed "to inspire new interest and greater zeal for American democracy," according to V. Ponder Wright, executive director of the citizenship center.

Attending the conference from Canyon are Shelly Davis, Jana Johnson, Carla Lee, Anita White, Bob Bullock, Bill Byrd and David Lowe.

Our World

would allow the affluent, freedom-loving Americans to go their leisurely way while other peoples suffer hardship and privation?

Communism is like fractions: It reduces everyone to the lowest common denominator. And anyone who has traveled very extensively in India, Asia, or Africa knows that can be quite low.

American doves are either ignorant of the factors that spawned Hitler's Germany, or they are deliberately ignoring that phase of history. Current conditions in America sound like a replay of Germany in the 1930's.

Crime was rampant, law and order was non-existent, students rioted at every pretext, and inflation was unbearable. Hitler promised law and order, safe streets, and a sound economy. The Germans were so desperate they were certain any change would be an improvement.

Hitler did usher in a law and order of a sort. One could walk the streets in safety (from everyone except Hitler's troops), and could leave money, jewelry or other valuables in a public park, or anywhere else, and expect to find his property exactly where he left it.

Anyone even suspected of a crime was "executed" on the spot, so no one dared attempt even to return a lost article to its owner.

One vital difference between man and beast is that man can profit from experience, but men who ignore history are doomed to repeat it. If America continues on its present perilous course, the day may be fast approaching when we will beg for a police state.

Just talking peace has never brought peace. The peace-loving psalmist said, "I am for peace; but when I speak, they are for war." The radicals claim the right to riot and destroy as they please, and anyone who objects is a dirty reactionary.

Human nature has never changed. The conflict between good and evil, which apparently had its early beginning in the Garden of Eden, continues unabated. Man still faces the eternal choice: life and good, or death and evil (Deut. 30:15).

The contention that all one needs to do to conquer evil is to quit resisting it has no basis in history or fact. Anyone who preaches such a philosophy should practice it. And he should begin at home—not in Asia—by leaving his car, home, and business unlocked. Then he should secure the dissolution of our local police force. If all that proves satisfactory, we should be ready for a unilateral withdrawal and the phasing out of our military forces.

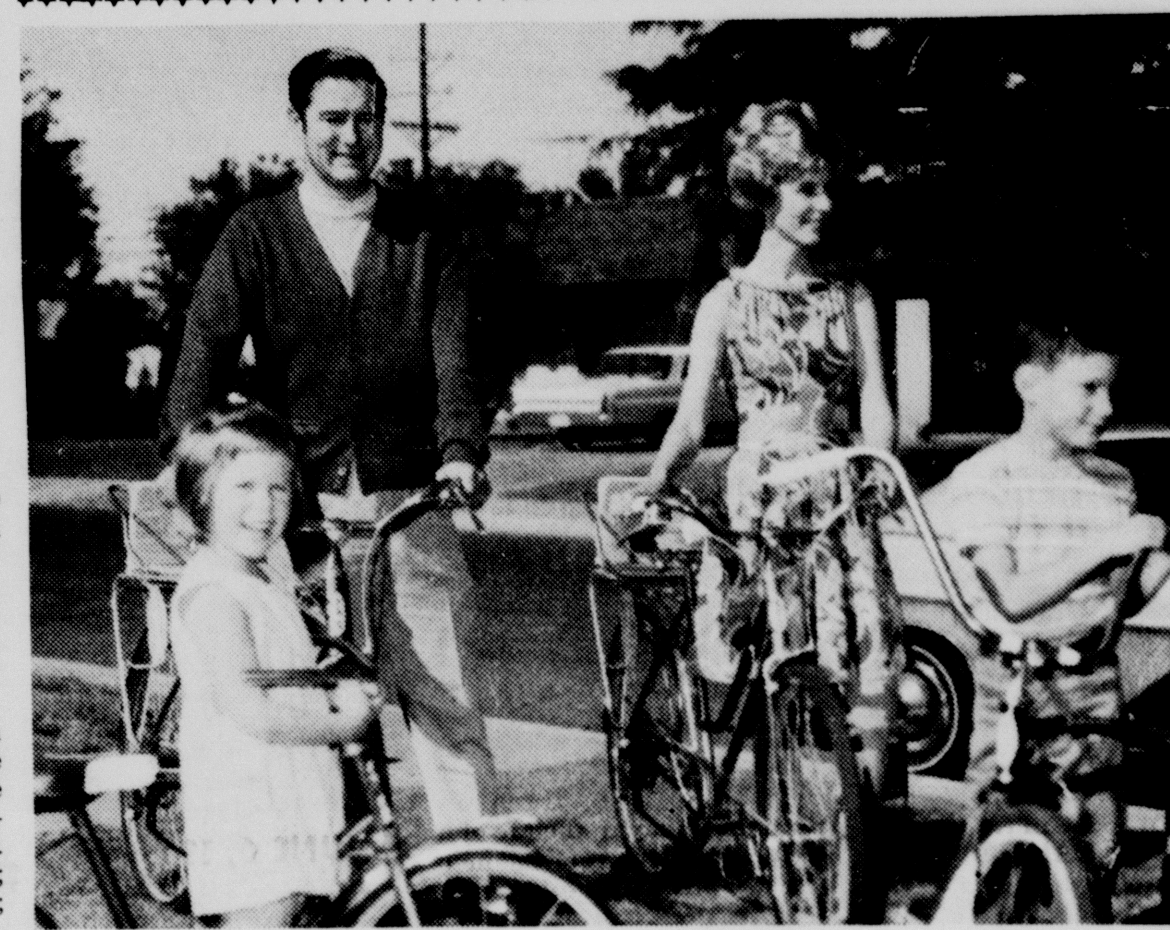

Will our peace-loving Senators kindly lead the way?

THE SHERMANS --- HOLLY, MAX, GENE ALICE and LYNN RAY

AS YOUR STATE SENATOR . . .

MAX SHERMAN

... will protect your local district schools!

From interview in THE MOORE COUNTY NEWS, Dumas, on Feb. 22, 1970:

"I attended a non-city school, and I see the financing threat that non-metropolitan schools in Texas faced a year ago as a major problem in the Panhandle district, and it is one on which I have strong convictions," he told a group here Friday in an outline of his campaign.

"It will come up again in the next legislature, and the district needs to be prepared. My position is that every school student in Texas, whether he lives in a small community, or in Houston or Dallas, has the same right to equal education. The large population areas of Texas dominate the legislature today, but this does not mean that they can shortchange school students in the smaller counties.

"I have studied this school problem with concern, and I am prepared to advocate strongly the position of the non-city schools, who will need a concerned and vigorous advocate. Their cause is right, and I will uphold it vigilantly, to the fullest of my ability, if I become your state senator," Sherman added.

5 Boy Scouts Find Action In Community And Church

Five Canyon Boy Scouts are now going through a revised edition of the God and Country award given to First Class Scouts at the Presbyterian Church in Canyon, according to the Rev. Baldwin Stribling minister.

The program is church-centered and is administered by the Protestant Committee on Scouting, he said.

The Scout receives instruction from his own minister and receives the award emblem in his own church.

The program at the Presbyterian Church differs from traditional programs, Rev. Stribling said.

"We are trying to get our boys really involved in what's going on in the community and the church. In most programs, the boys sit and listen to the minister give a rundown on the beliefs of his church. This is important, of course, but we want these boys to go further," he explained.

The five, Mark Reed, Roy Markham, Bob Counsellor, Denny Bryan and Jay

Bryan, now are involved in the community exploration phase of the program, he said.

"They go out on the scene and find out just what makes the community tick. They have served as pages during elections and they are setting up interviews with the chief of police, justice of the peace the sheriff, the probation officer and the public health officer," he said.

The group will also visit the jail and the hospital, he said.

"We want them to visit a school board meeting, a meeting of the City Commission and the County Commission and make reports on these visits. They'll know more that the average citizen when this program is completed," he said.

The boys will get involved in the activities of the church, also, he said.

"They will visit a meeting of various boards of the church and will have the privilege of the floor. They will attend one meeting of the Presbytery. They will spend one day with me to see what the 'day in the life of a pastor' is like. They'll help me with my pastoral calling, but they won't sit in on the counselling I do," he said.

The next phase of the program involves writing a research paper on the community activities.

"They will do an in depth report on a topic of their own choice," he said. "They will present their papers to the God and Country Award committee at the church."

The Scouts have already completed two phases of the program. The first phase consisted of 20 hours of instruction on the history and beliefs of the church. They completed one project to demonstrate what they had learned, Rev. Stribling said.

The second phase consisted of 10 hours of service to the church. "The boys sang in the choir and ushered regularly. Some worked with the young people in the church. Some are still ushering and still singing in the choir," he said.

The awards will be presented during the morning worship service Sept. 13 he said. "Our whole service will be directed toward the presentation of the awards," he said.

"We want these boys not only to see the community in action but be able to become

involved in that action. We hope they will see areas of opportunity and be able not just to talk about them but to experience them. We want them to see that the community is run by all the people of that community, not just a handful," he said.

Members of the God and Country award committee at the Presbyterian Church include Rev. Stribling, Don Olson and Roland Black.

Participating in the eight-week cruise are Christopher Blasdel, son of Mr. and Mrs. Lionel S. Blasdel, Route 2, Box 4, and Christopher Hull, son of Mrs. T.G. Hull, Jr., 2406 10th Ave.

While getting a taste of the sea and visiting five foreign ports, the students on the cruise, mostly spring high school graduates will earn six hours of college credit.

The "Summer School at Sea" program is jointly sponsored by A&M Texas Maritime Academy and College of Liberal Arts.

The students will join 115 TMA cadets for the cruise aboard the "Texas Clipper," a 15,000-ton converted ocean liner.

The cruise will originate in Galveston.

Ports of call include Cobh, Ireland; Hamburg, Germany; Alborg, Denmark; Plymouth, England; and Ponce, Puerto Rico.

The students will participate in special American

Independence Day ceremonies at Denmark's famed Rebild National Park. They also have been invited by the lord mayor of Plymouth to join in the observance of the 350th anniversary of the sailing of the "Mayflower."

Celinda Chism At Lamar Tech

Celinda Lou Chism, daughter of Mr. and Mrs. Ocie G. Chism of 2004 2nd Ave., is attending the summer session at Lamar State College of Technology in Beaumont. Miss Chism is a junior student at West Texas State University.

WTSU Offers Music Workshops

Summer Workshop 1970, a series of music sessions for instructors in this field, begins June 8 with the Music Education Workshop.

This workshop, which lasts through June 12, will be held each day in the Fine Arts Building on the WTSU campus. Designed for elementary classroom teachers and supervisors, graduate students and undergraduate students with advanced standing, this workshop will be conducted by Marcheta Hixson of Allyn and Bacon, music textbook publishers.

Thirty-two registrants have signed up for the first session, according to Dr. John Green, dean of the School of Fine Arts.

Future sessions include a Choral Conductor's Workshop, June 15-19, a Piano Workshop, June 22-26, a Concert Band Workshop July 12-24 and a Marching

Band Workshop, July 18-19. Hugh Sanders, director of Choral activities at WTSU, beginning September of this year, will be clinician for the Choral Conductor's Workshop. This course is designed for public school and college choral directors, church choir directors and advanced students.

Dr. Clarence Burg, Dean Emeritus and Professor of Piano at the Oklahoma City University will be guest clinician for the Piano Workshop.

Concert Band Workshop which will be held in conjunction with the West Texas Music Camp, will be directed by Dr. Gary Garner, Associate Professor of Music and Director of Bands at West Texas State University.

Thinclads Are Signed By Buffalo Coach

Two standout track men, including the state spring champion from Maryland have signed athletic scholarship agreements with West Texas State University.

Bill Mason from Annapolis, Md., won both the 100 and 220-yard dashes

in the Maryland state track meet this spring. The other track man is Slaton's Jimmy Rogers.

The 6-2½, 165-pound Rogers placed fifth in the state this spring in the Class AAA pole vault with a 13-0 effort. His best vault is 13-8.

Rogers, who had a 94 grade average in high school, also long-jumped 21-9 and ran the 120-yard hurdles in 15.2. He is the son of Mr. and Mrs. M.D. Rogers. Mason ran the 100-yard dash in 9.6 this spring and had a 21.5 clocking in the 220. He ran a 20.7 on the 880-yard relay. He is 5-8 and 140 pounds.

Both Rogers and Mason also played football.

"Mason is a great spring prospect," said WTSU coach Bob Kitchens. "He should make our sprint relay go. Rogers has the potential to become an outstanding vaulter. He has 10.3 speed."

Why Do Organizations in Cleveland -- Houston and Austin Try to Elect YOUR State Senator?

They ARE . . . and it's in the record!

From the Amarillo Globe-Times, April 30, 1970:

"In his campaign expense account, filed with the Secretary of State, including expenses through April 22, (Jack) Hazlewood lists campaign expenses totaling \$14,269.

"Hazlewood lists campaign contributions totaling \$6,825. The largest contributions are Lawyers Involved for Texas, Austin, Texas., Max Garrett and Charles

Mayes, co-chairmen, with a \$2,300 contribution on Feb. 2 and a \$2,700 contribution on Feb. 27.

"Also listed is \$300 from the Transportation Political Education League, Cleveland, \$500 from the South Texas C.W.A. (Communications Workers of America) Committee, Houston, and \$350 from John J. Watts of Odessa."

That's why so many concerned people are supporting MAX SHERMAN for STATE SENATOR, rather than Sen. Grady Hazlewood's second cousin.

They want the PANHANDLE'S Senator to represent the PANHANDLE!

Campers Brave Cold Weather

Braving the cold weather and the brisk winds, 120 Canyon Girl Scouts and Brownies have spent the week southeast of Canyon learning the skills of camping.

Sporting the theme of Disneyland, the four units of day campers chose as their names "Adventureland," "Frontierland," "Tom Sawyer's Island" and "Main Street."

The girls spend the day from 8:30 a.m. until 3 p.m. hiking, learning crafts, learning camping skills such as fire building and tool craft, and playing games, according to Mrs. B.J. Ormsby camp director.

Tonight the Junior, Cadette and Senior scouts will spend the night at the site, sleeping in tents or under the stars, she said. The Brownies will go home at 3 p.m. as usual.

The girls are earning several merit badges during the week of day camping. One unit, "Tom Sawyer Island," is working toward the Outdoor Cook badge, Mrs. Ormsby said.

"These girls will do a lot of cooking out nearly every meal," she said. A requirement of the badge is that a Scout be able to cook three different types of meals outdoors. The girls must also know how to make and take care of outdoor cooking equipment.

"Tom Sawyer Island's" occupants are fourth graders.

Another group, "Main Street," is working toward the Songster badge. This group is made up of sixth graders.

The Brownie unit, Adventureland, has nicknamed itself "Robin Hood and His Merry Men." The girls have been working on several arts and crafts projects including making nature books and making rope from binder's twine.

The day begins with a flag ceremony in which seven Girl Scouts make up a Color Guard. Answering to the commands of "Color Guard, advance," "Color Guard, present the colors," and "Color Guard, raise the colors," they carry out the ceremony. The other Scouts line up in a horseshoe to salute the flag as it travels up the pole.

The girls then return to their units where they set up their own tents with the help of their leaders and Cadette and Senior Scouts who act as assistants. The Scouts are also responsible for building the unit campfires. The day's activities are planned jointly by the Scouts and their leaders.

Monday the weather was too bad for the girls to camp

Garner Garners 1st In Flute Solo

Brad Garner, son of Mr. and Mrs. Gary Garner of 8 Country Club Drive, made a first division on a flute solo during the University Interscholastic League contest in Austin Monday.

He is a member of Canyon High School Band.

To qualify for the state contest, Garner first had to win a first division on a class I solo in the area UIL contest.

Credit Union Has Paid Stockholders

Stockholders of Canyon Credit Union have received \$242,520.45 in payment for their investment during the past week.

A spokesman for Texas Credit Union League Tuesday said all the stockholders have been paid off and the credit union office here will be closed some time this week.

Texas Credit Union League purchased the local union's assets and began paying off stockholders of the defunct organization Friday.

Billy Schaffner, league representative, said investments ran from \$5 to more than \$22,000. Liquidation of the Canyon Credit Union began in March of 1967.

All preferred creditors, creditors from whom money was borrowed by Canyon Credit Union, also have been paid in full.

outside. Mrs. Ormsby said. "We spent the day in two Canyon churches. Half of the girls went to the Methodist Church and half to the Presbyterian Church. They worked on craft projects most of the day," she said.

Several Canyon leaders and mothers are acting as unit leaders for the day camp. In addition, four Senior and Cadette Scouts are acting as their assistants. These include Debby Wright, Patty Ormsby, Iva Hill and Betsy Huntington. Melody Jones is song leader.

Girl Scouts on "Tom Sawyer's Island" hammer their sign into place.

A knot in a guy rope is untied by Iva Hill as she helps some younger scouts pitch a tent.

AND DECIDE FOR YOURSELF WHICH CANDIDATE WOULD BEST REPRESENT YOU IN OUR STATE SENATE

SHERMAN'S VIEWS

REPRINTED FROM BORGER NEWS-HERALD WEDNESDAY, MAY 27, 1970

NEWS into FOCUS

By J. C. PHILLIPS

IS THIS WHAT WE WANT?

Proposals for "Sweeping innovations" in the structure of the United Nations including an "elaborate timetable for charter revisions" to the United Nations Charter were discussed by State Senatorial Candidate Max Sherman recently in a paper submitted to the American Bar Association. Proposed were the following specific changes in the United Nations:

1. Universal membership of every independent state including Red China.
2. Worldwide disarmament.
3. An international police force.
4. Abolition of the veto power of the Security Council.
5. Popular election of General Assembly representatives.
6. A United Nations nuclear authority.
7. An outer space agency.
8. Compulsory jurisdiction of all disputes vested in the International Court of Justice.
9. A world development program to foster economic and social advancement of nations in need of it.
10. Power to tax world citizens.
11. A charter provision that all powers not granted to the United Nations be reserved to the member nations.
12. A clause in the Charter recognizing that the authority of the United Nations would extend to all nations.

Though he characterized the list of innovations as desirable and praiseworthy, he questioned whether the political reality of immediate international politics would permit them to be adopted. If the political reality of the time precludes the adoption of these innovations, Sherman questioned whether the United Nations could bring "peace in our time?"

The twenty-two page dissertation, generously interlaced with footnotes, develops Mr. Sherman's view of the United Nations in its role as a keeper of the peace.

"It is my position in this essay that the best hope for world peace is through an international common law developed within the present structure of the United Nations. The life-forces of peace exist within the Charter, and it is from these forces that the growth of peace must be nurtured," HE SAID.

Referring to publications of the NATIONAL COUNCIL OF CHURCHES, NELSON ROCKEFELLER, and Senator WILLIAM FULLBRIGHT as "impressive support," Sherman also discussed an alternative plan for a federal union for a "concert of free nations" which would be separate from the United Nations but co-existing with it.

If we, the voters of this nation, do not want to live under a world government, in which we would be out-voted twenty to one, WHEN are we going to quit electing to public office candidates who are dedicated to the establishment of a one-world government (which would be a socialistic dictatorship OF THE "ELITE" — synonymous to a WORLD MONARCHY?)

HAZLEWOOD'S VIEWS

JACK HAZLEWOOD IS OPPOSED TO SHERMAN'S U. N. PROPOSALS*

*It is a distinct possibility for these matters to come before the Texas Senate. Various proposals for amendments to the United States Constitution having to do with the jurisdiction and power of the United Nations came before the Texas Senate for ratification. Therefore, it is IMPORTANT to know each candidate's views on the United Nations.

A deal to believe in.

From a dealer to believe in.

If it takes value to make you believe in a car, believe in the new Buick Skylark. Every Buick is crafted with integrity. And filled with value.

You get things like a cooling system that should never overheat, even with air conditioning.

You get an automobile so well built

that its drive train and chassis are literally tuned to the bias-belted tires that are standard equipment. So that they'll last even longer and provide even greater traction.

One other point. Value also has to do

with the man who sells and services the car you buy. Good service can help you maintain the value of your new car.

Check the good deals your Buick dealer is offering right now on the Buick of your choice. If you're looking for something to believe in, you'll find it there.

After all, wouldn't you really rather have a Buick?

Electric Air Conditioning? NO QUESTION ABOUT IT!!!

OVER 30 YEARS OF PROVEN DEPENDABILITY

Just like your refrigerator, electric air conditioning uses the same experience-proven method of cooling. A dependable compressor keeps on cooling no matter how high the outside temperature.

LOW OPERATING COST

Before you buy, be sure you have complete information. Electric air conditioning saves you money when you buy and because it uses only electricity and free air, your operating cost is low . . . no extra installation costs, either!

NO LOSS OF EFFICIENCY BECAUSE OF ALTITUDE

Our area is several thousand feet above sea level yet electric air conditioning is not adversely affected. It does its cooling job as efficiently as if it were at sea level. An important point to consider when buying.

CHOICE OF BRANDS

There are 58 manufacturers of electric air conditioning and all major brands are available in our area. Brands in your area are listed in the Yellow Pages or identified on your neighborhood dealer's store front.

CHOICE OF SIZES

Only electric air conditioning offers the right size for your cooling job. Too large a unit makes your first cost unnecessarily high; too small runs up operating cost. Electric air conditioning can save you money on both counts.

COMPLETE SERVICE

The principle of electric air conditioning is so well understood and the parts so easy to change that any air conditioning man can give you service quickly should you ever need it.

just like in the winter," said Brazzil, "because there hasn't been enough rain to green up the pastures."

Irrigated row crop has already been seeded and much of it is up.

Brazzil said wheat harvest could start in Randall County late this week on dryland and would stretch for two weeks with irrigated crops being harvested last.

The county agent said dryland wheat yields will vary as much as five bushels to the acre this year. Some will go as high as 15 bushels while other farms will yield 10 bushels or lower depending on the moisture received.

Insects bothered this year's crop very little. Damage from greenbugs this year has been negligible. There was some trouble with cut worms last fall but they were controlled.

Brazzil said he expects yields on irrigated wheat acreage to reach 30 to 40 bushels. The county has about 20,000 acres of irrigated wheat this year with about 80,000 acres of dryland wheat.

The county agent estimates that at least 40 percent of the acreage seeded was grazed out and will not be harvested.

He said wheat prices now are in the neighborhood of \$1.25 a bushel.

Coed Jumps To 7th Place

West Texas State's Jo Meaker entered the National Women's Collegiate Track and Field Championships in Champaign, Ill., last week and came home a winner.

The 20-year-old sophomore placed seventh in the long jump and ninth in the 200 meter hurdles.

This competition was the preliminary for selection of a team to represent the United States at the World Games in Turpin, Italy this summer.

Accompanying Miss Meaker on this trip was Mrs. Mary Ann Hill, instructor in physical education at WTSU, sponsor of intramural sports and coach of the women's track team.

According to Mrs. Hill, "Jo was competing against many Olympic performers and girls who had participated in the Pan-American games. Many were wearing warm-up suits with the USA emblem. This competition draws the best athletes in the United States. Twenty-six states and 56 universities were represented by over 200 participants."

Miss Meaker qualified for the 200 meter hurdles with a time of 31.8. In the semi-finals she beat her own time with a 31.0. This beat the record time for the 1969 competition which was 31.5. The

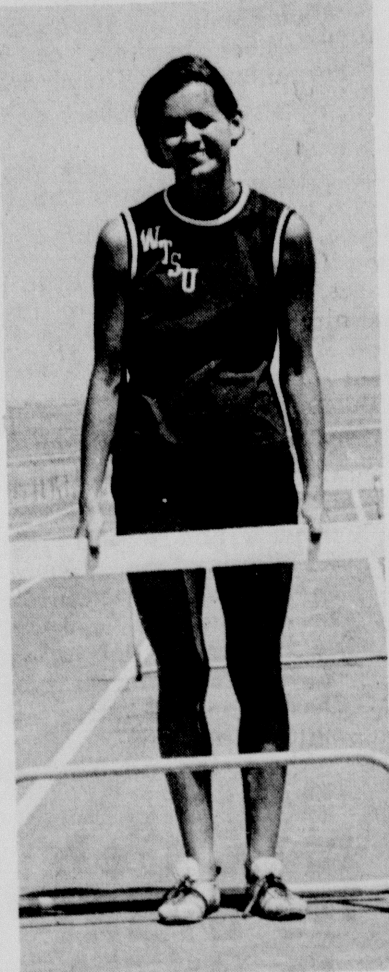

top eight performers were picked for the finals and Miss Meaker's time put her in ninth place.

The winner of the 200 meter hurdles, Pat Hawkins of Long Island University in New York, set a new American record with a time of 26.7. She broke her own record of 1969, a 27.5.

Mrs. Hill emphasized that most of the competitors had been running hurdles for a number of years and that this was the first year for Jo. "She was the only beginner," said Mrs. Hill. "She ran in the same heat with Pat Hawkins. The hurdles competition was divided into five heats of six people each according to ability, and Jo was running with the stiffest competition."

The long jump competition was divided into four flights with a total of 31 entries. Finalists were the top distance jumpers in each flight.

Miss Meaker jumped 17 feet, 1/4 inch to qualify for the finals and 17 feet, 1 inch to put her in seventh place in this competition. Winner of this event was Pat Shipley of Indiana State who jumped a distance of 18 feet, 7 1/2 inches. Second place went to Karen Aufderhaar of Southwest Texas State at
